

Medication Compliance in Human Services PLA

Lower Level, Non-Liberal, 2 credits

Medication Compliance in Human Services is considered to be lower level knowledge that is non-liberal. It represents foundational skills and concepts that an entry level human service worker has acquired. Medication Compliance in Human Services is more often about how we do things (i.e., non-liberal) and not necessarily why we do things (i.e., liberal).

The questions below can only be utilized for Medication Compliance in Human Services at the lower level, not advanced level. If you are requesting advanced level credit for Medication Compliance in Human Services, you need to demonstrate that your knowledge, skills, and application goes beyond what is described below. Remember you are being evaluated on your knowledge and skills, not about your years of experience.

Please use the questions below to structure your PLA submission on the topic of Medication Compliance in Human Services. Copy each question and respond directly below it. If you utilize an outside source, such as a website or a book, make sure to reference this in your response. The responses to the questions should be submitted in a Word document and uploaded in PLA Planner. In PLA Planner, you would list the topic as Medication Compliance in Human Services, asking for 4 credits, and designate this as Lower Level and Non-Liberal.

Please note – responding to these questions is not a guarantee of credit. You will still be expected to speak with an evaluator and answer any supplemental questions that they may have. The evaluator would then make a credit determination.
